CONVERSION LIFT

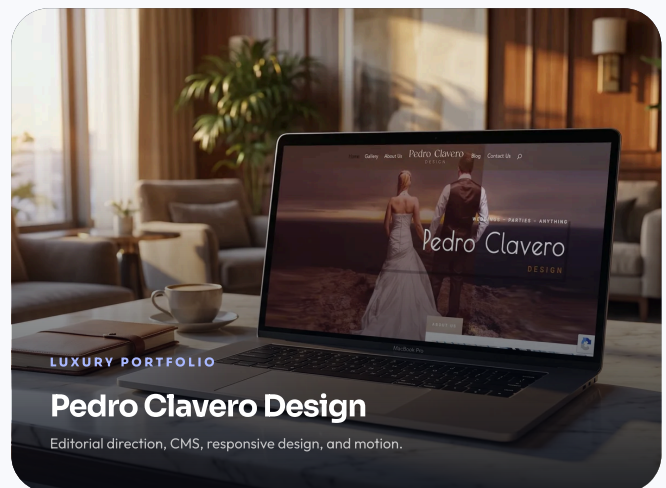

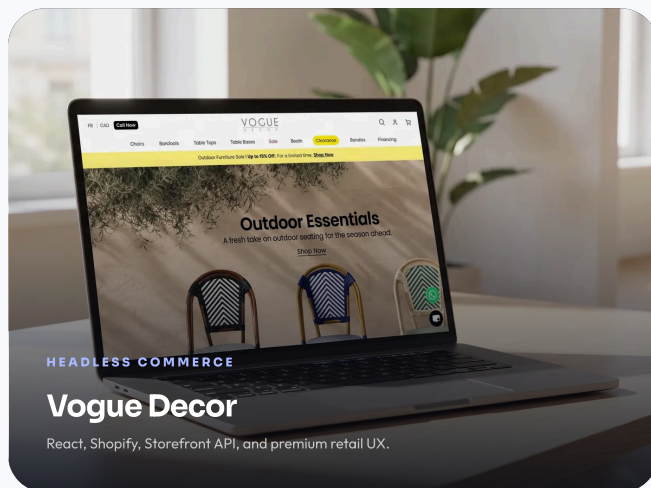

99.9%

UPTIME RELIABILITY

SELECTED ENGAGEMENTS

Built to look distinct. Engineered to perform.

We partner with ambitious brands from initial positioning through design, production, launch, and continued optimization.

01

Zeroma

A refined Shopify marketplace with fast discovery and reliable commerce flows.

02

Noor Gemstone

A trust-led premium storefront for high-value gemstones and jewelry.

03

Zaroo Fragrances

Luxury brand commerce shaped around product storytelling and conversion.

04

American Dream

A responsive vehicle-protection platform with a clear quote funnel.

One team, end-to-end delivery.

STRATEGY THROUGH SCALE

Web Engineering

Responsive applications built for accessibility, maintainability, and speed.

Commerce Systems

Shopify, headless storefronts, integrations, and conversion journeys.

Product and UI/UX

Research-led flows, prototypes, interaction design, and design systems.

Brand Experience

Identity systems, art direction, campaign assets, and product visuals.

Cloud and Automation

APIs, workflow automation, CI/CD, and resilient infrastructure planning.

Technical Consulting

Architecture reviews, stack selection, and performance roadmaps.

THE TEAM

Specialists who think beyond their discipline.

A focused multidisciplinary group connecting business goals to product, brand, and engineering decisions.

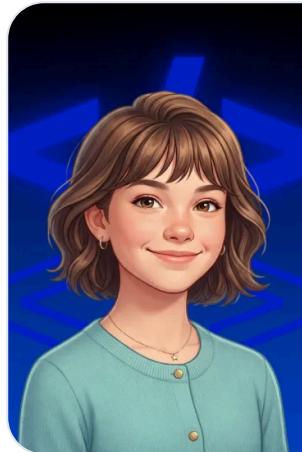

CHIEF EXECUTIVE OFFICER

Wajid Hussain

Technical strategist leading automation, commerce architecture, and cloud delivery.

Automation / Headless Commerce / Cloud Systems

Product Strategy / UI/UX / Design Systems

How we work

Clear ownership from first conversation to measurable improvement.

01 / Discover

Goals, users, opportunity, and constraints.

02 / Design

Flows, visual systems, and validated prototypes.

03 / Build

Production-grade implementation and QA.

04 / Optimize

Measure, refine, support, and scale.

Let us build what is next.

Digital products, commerce platforms, and technical consulting.
